The Devereux Foundation

Marshall H. Jarvis
President

To The Victoria Graduating Class of 1971:

Sincerest congratulations on this momentous achievement!

Your own determined efforts toward this mature accomplishment, and your use of the training and guidance of the Devereux program have made it possible.

This may well be the highest mountain you will be called upon to climb. Strengthened by the obstacles already overcome, and with your sights fixed firmly on worthy goals, the road ahead must surely lead to a rewarding career.

All the best, from all of us!

John M. Barclay
Director Of Development

One of education's prime objectives, it has been said,
is to provide the greatest measure of fitness for life.
May you continue to learn and to grow, to achieve for
yourself that fitness for the life you will build.

Joseph B. Ferdinand
Director Of Administrative Services

Graduation marks an end and beginning - an end to the structured way of life you have been accustomed to at Devereux; the beginning of your own structuring and planning.

May I suggest, however, that among the goals you select, you do not overlook the sheer joy of being alive, because to be alive is a gift, a special and wonderful privilege.

There's a little verse I recall - not a profound or intellectual bit of rhyme - but, I think it says what I mean -

"What is this life if full of care,
We have no time to stand and stare,
No time to stand beneath the boughs,
And stare so long as sheep or cows."

Take time to "stand and stare" - to look around you - to gather yourself together - to contemplate what you will do and how you will do it. And, whether your span of life is one more year or the traditional three score and ten, enjoy the beautiful, wonderful life that has been gifted to you.

Richard G. Danko
Chief Administrator
Of The
Southwestern Branch

The significance of your past
present and future
depends on today - - -
and nothing to be valued more highly
than what is accomplished
each today.

Foreword

It is with much pleasure and enthusiasm that we are able to share this year's version of the 1971 Viking with you - the staff and students that have helped to make this year such an outstanding one.

I, personally, would like to thank each individual who worked so hard on the yearbook, and a very special thanks to Mrs. Stafford, who with intensive effort, tolerance, and a number of headaches, guided us throughout the entire procedure.

We sincerely hope you will get much happiness looking back on these mementoes of our experiences at Devereux.

Sincerely,

Robin Powers

"As the essence of courage
is to stake one's life on a possibility,
so the essence of faith
is to believe that the possibility exists."

Activities

Turkey Hunt

DEFINITION: Turkey Hunt - A scavenger hunt for prizes hidden in a specific area. (Usually taking place on Thanksgiving Day.)

OK, everybody line up along this line.

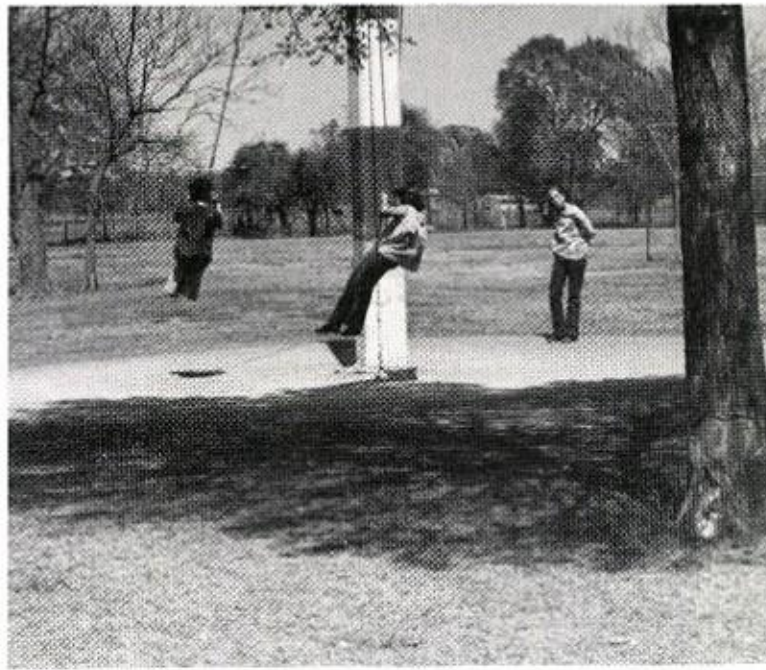

Ready, set, go!

Chip finds a bag with 3 dozen cookies, 5 packs of gum, 2 boxes of candy bars, and Webster's 7th edition dictionary!

Park And Zoo Trip

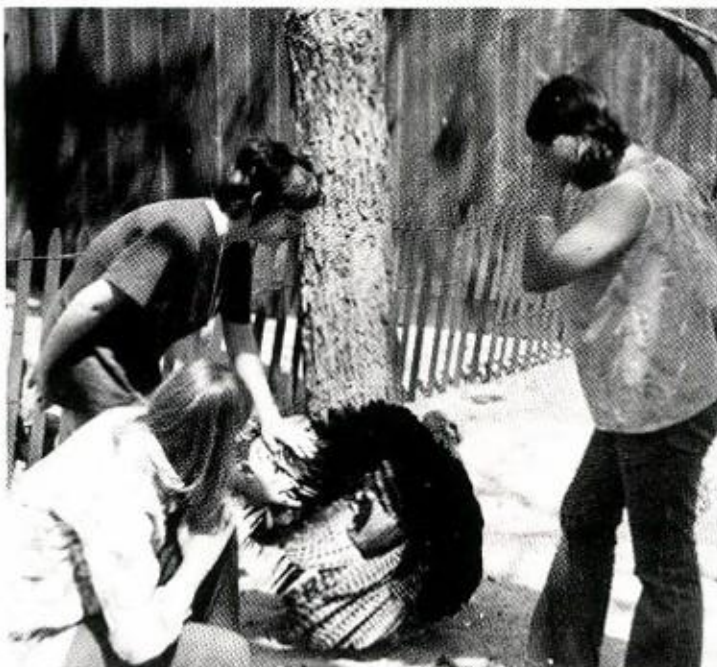

Sunday afternoon fun often consists of a visit to the Victoria park and zoo.

Betty and Shiela play on the Maypole.

The girls check out some of the animals.

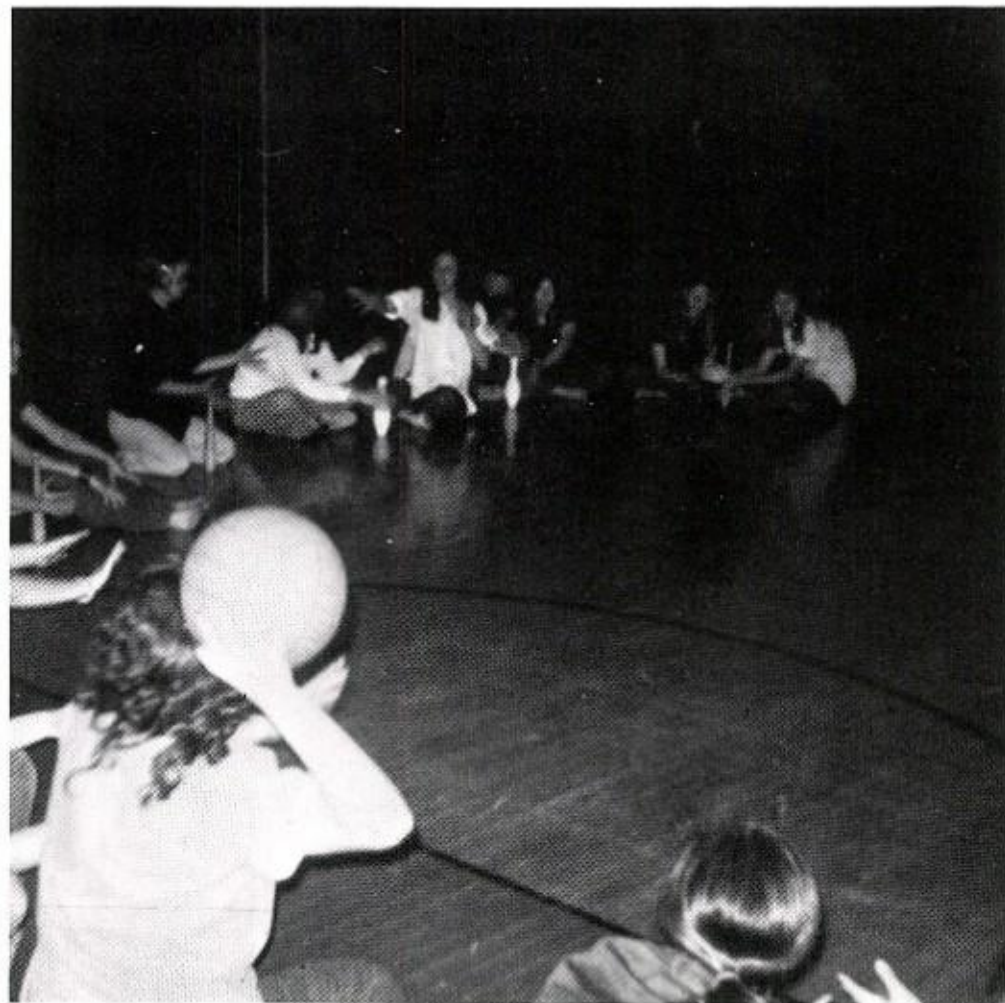

Feel his feathers when he bristles them.

Indian Club Ball

The teams in Indian Club Ball are made up of two persons. Each team has a pin sitting in front of them, which they must protect, while they, in turn, try to knock other teams' pins down.

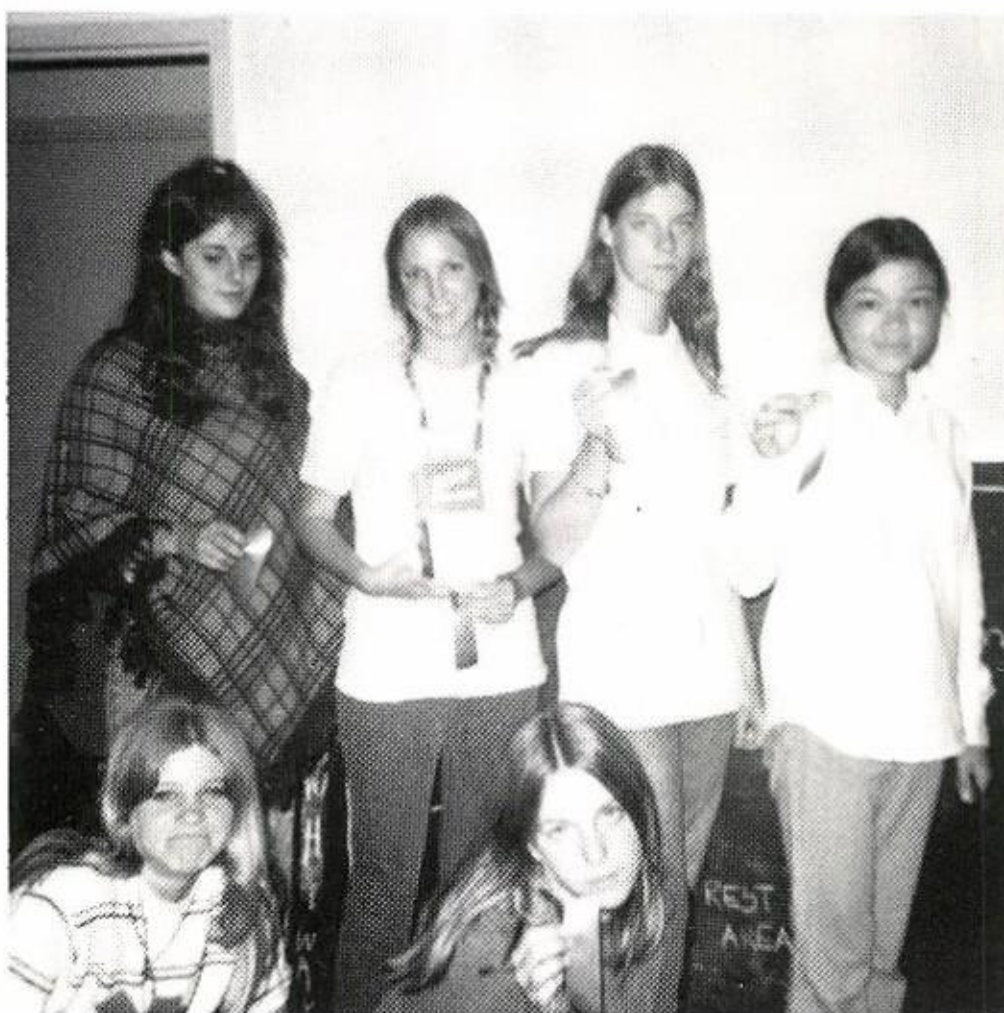

Watch out, Fran and Pam; that ball is headed right for your pin!

Here goes nothing.

Track Meet Awards

The girls had a three day track meet. Here are some of the winners of the events.

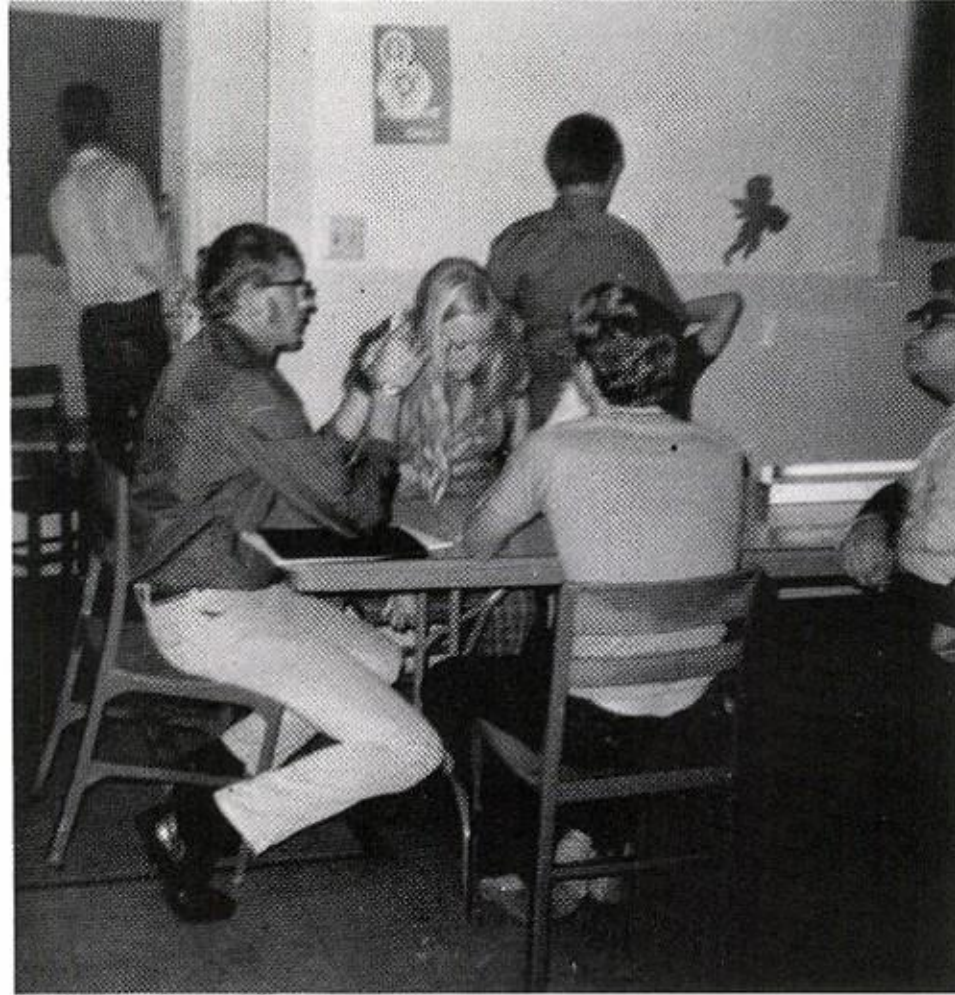

STANDING, L to R: Brenda Dark, Robin Powers, Mary Ura, Kathy Redman. KNEELING, L to R: Lori Hancock, and Kathy Walker.

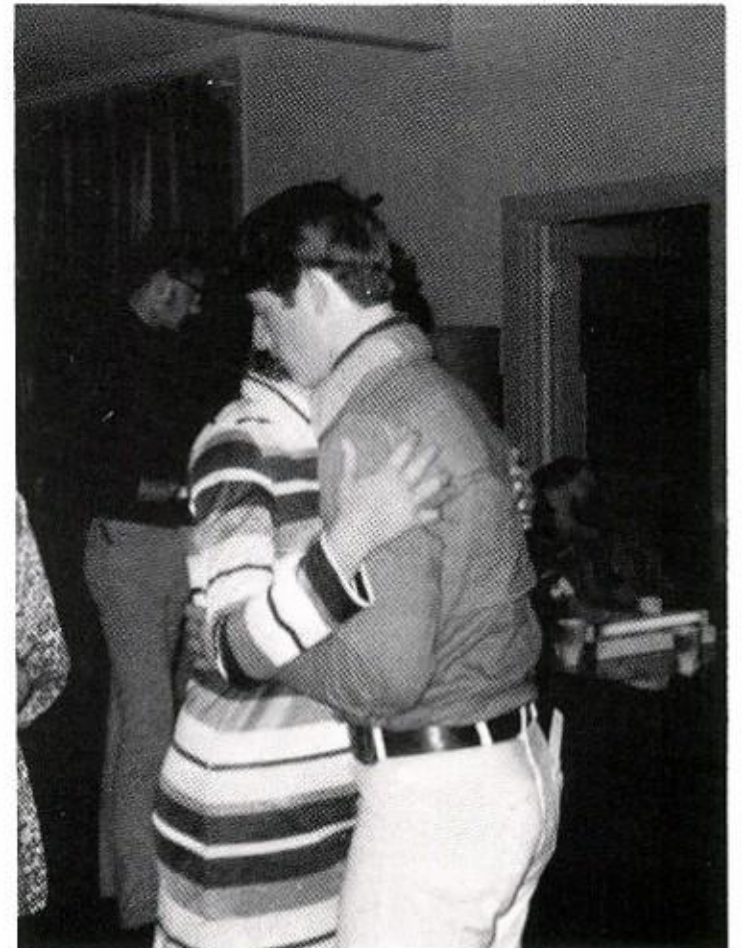

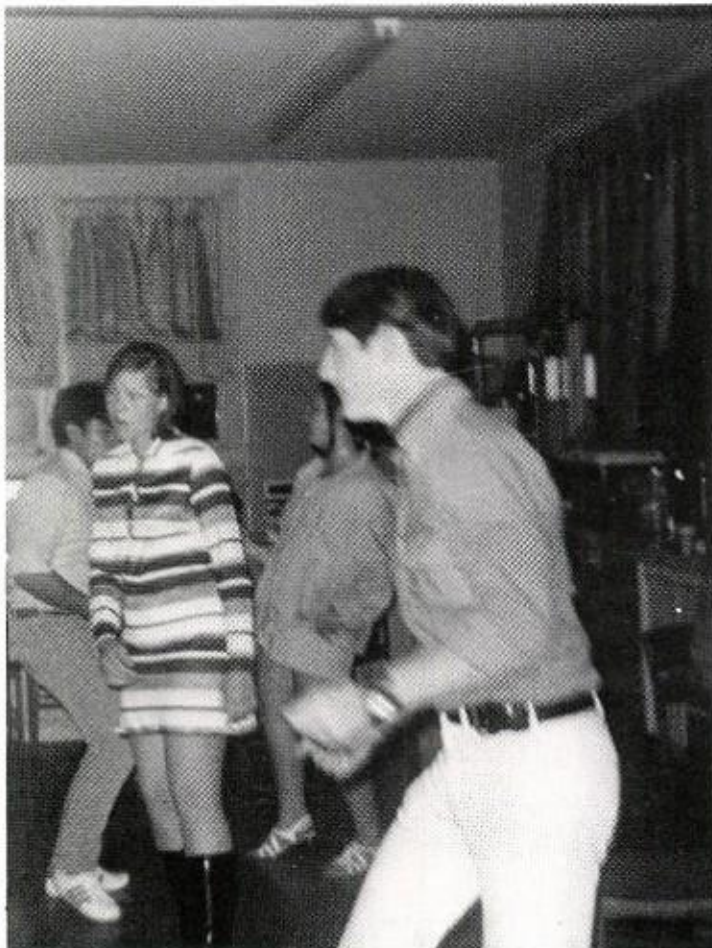

L to R: Kathy Hays, Laura Ruffalo, Mary Lieberman, and Patti Gréenway.

Social At Stafford's Place

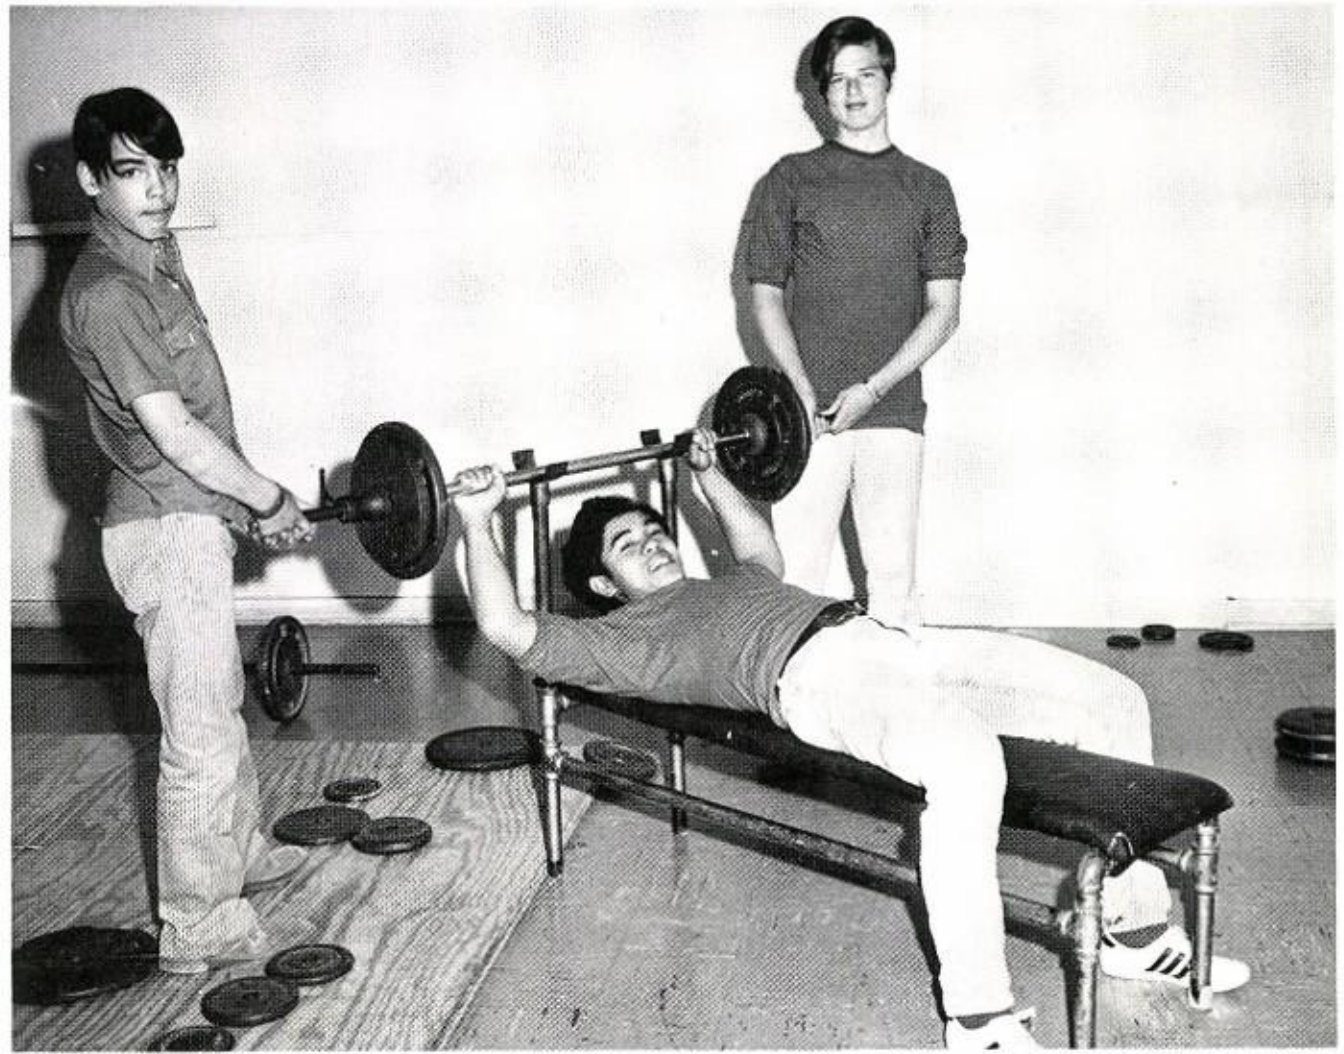

Mr. and Mrs. Flowers play cards with Barry and friend.

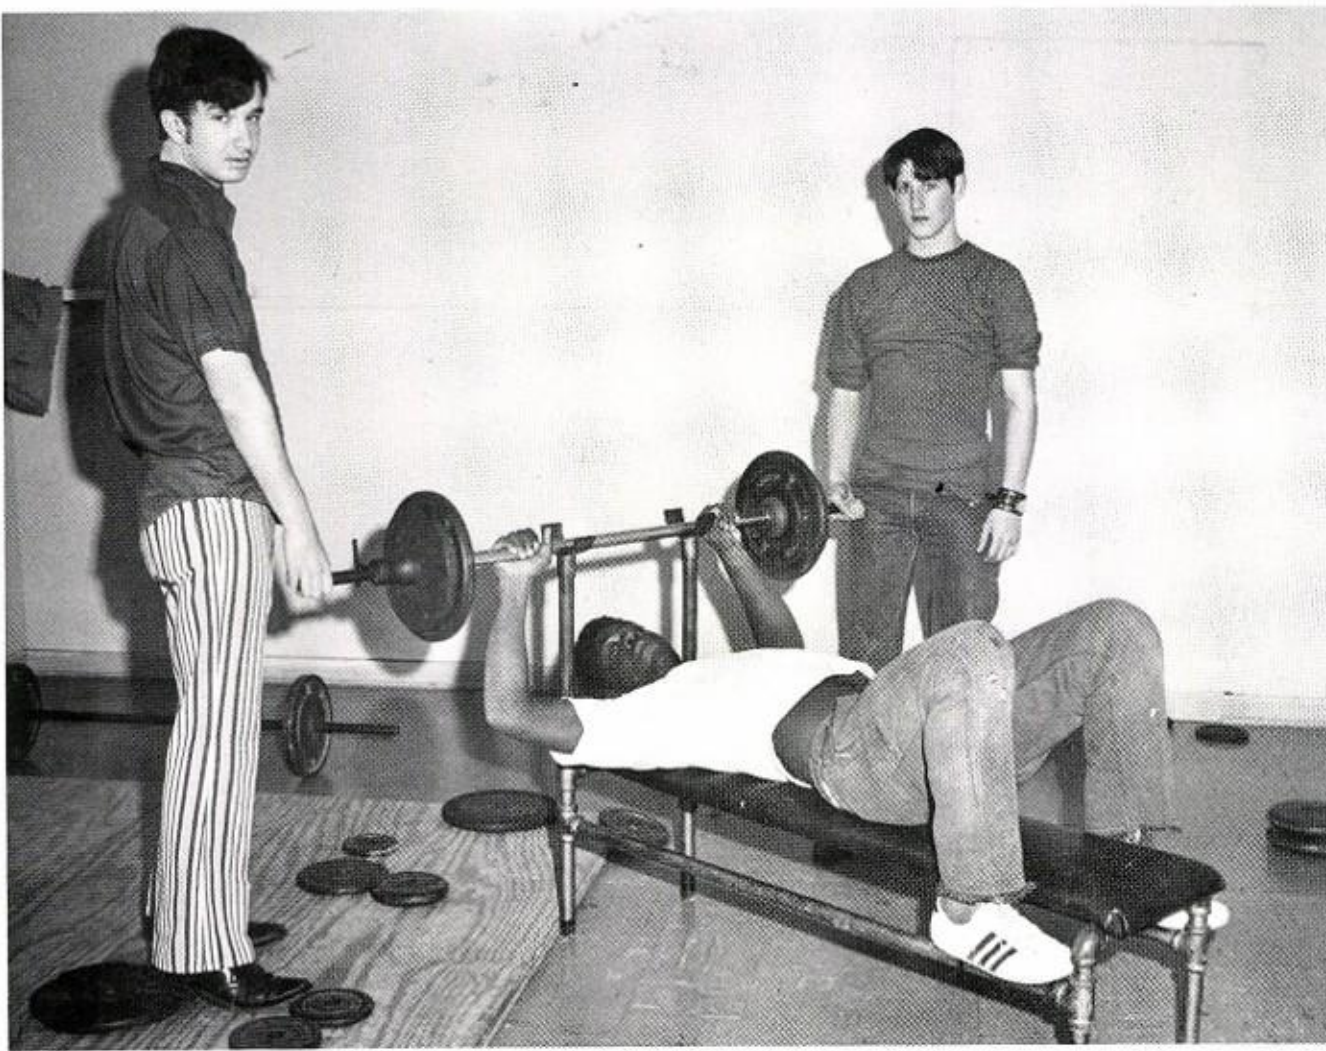

Buddy Butler shows his talent at the fast dance and the slow dance.

Weightlifting

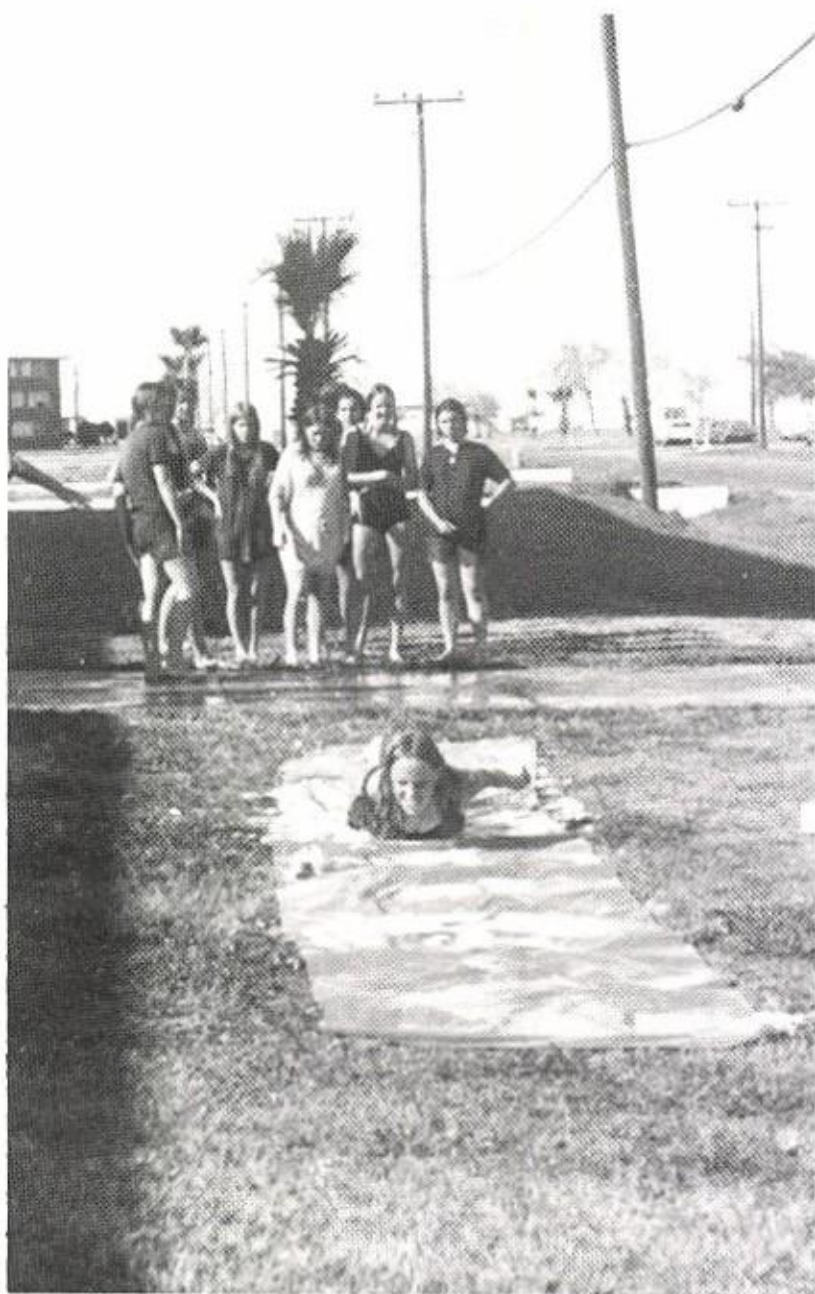

Victor Cureton shows his strength while Neil Bergeron and Randy Laws spot for him.

Patrick Fitzgibbon and Buddy Butler spot for strong-man Bruce Parks.

Slip and Slide

Slip and Slide is a fun game for water lovers. With only a plastic runner and water as necessary equipment, it is only necessary to put on your swim suit and dive in.

You slip - - -

And I'll slide.

WOW!

Since the beach is so close, often trips to the beach are enjoyed by all.

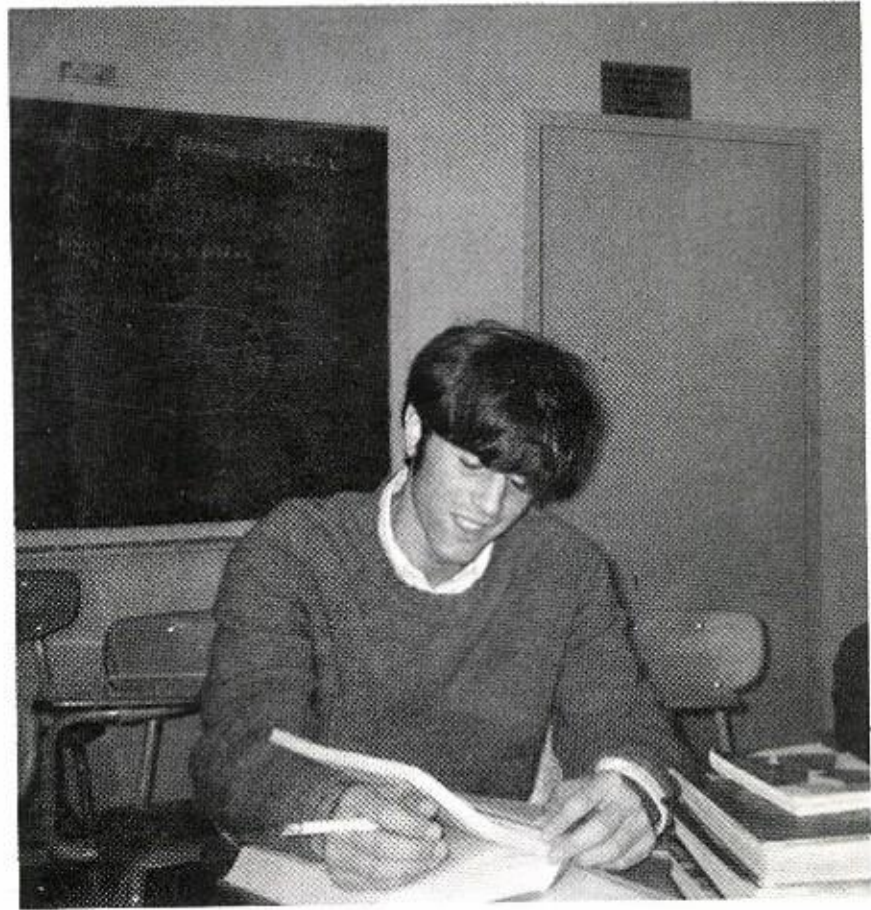

But I was just lying here taking a nap, and all of a sudden . . .

"Graduation, at long last!" sighs Kathy Sneary, as Col. Schrader hands her the diploma.

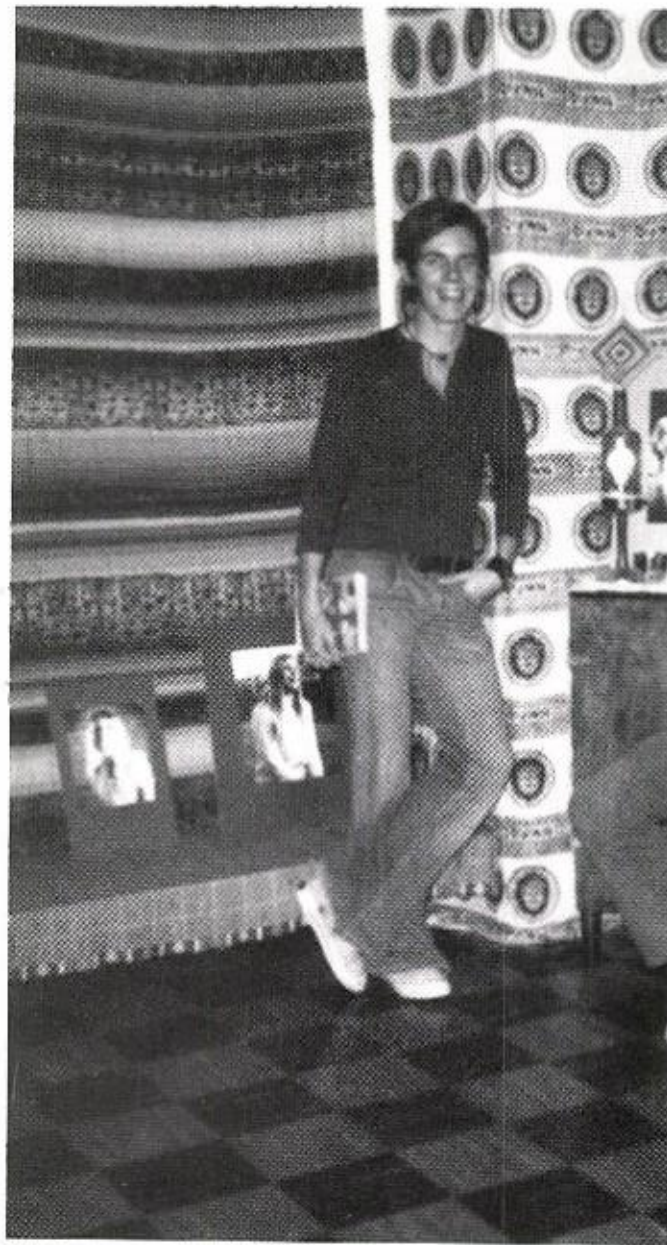

"I have a strange feeling that you are trying to manipulate, Doug Burdette," laughs Col. Schrader.

Steve Goldblatt gets down to some serious studying.

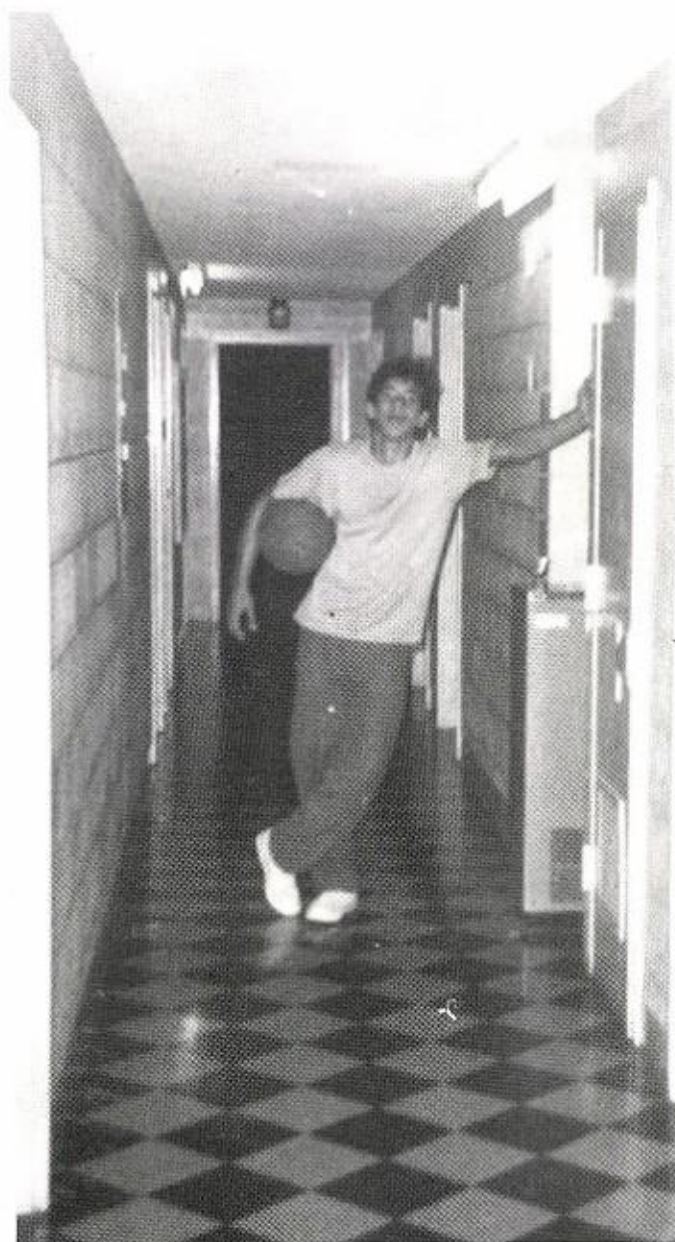

Hey, gang! Brenda and Kerstin are going to bake a pie!

Trey Carrington shows us his far-out room.

Wyck Steele is engaged in a friendly game of ping pong.

We know, Mario. It's pretty disgusting when you can't even find one person to play basketball with you.

Tom Seidel serenades during breaks at school.
